Composite Timber Pergolas

Dura Pergolas

Composite timber Dura Pergolas have a unique formula that provides the very best of both worlds, a long lasting material that is strong, durable and weathers extremely well. Composite timber Dura Pergolas are striking yet have traditional appearance, require little maintenance and will not splinter. The material is UV stabilised and above all eco-friendly with an 87% recycled material content.

Applications

- Beach Areas
- Hotel Buildings
- Hotel Gardens
- Roof Gardens
- Theme Parks
- Villa Complexes
- Parking Areas

Features

- No painting or treating
- UV resistant
- Colour stable
- Minimal maintenance
- Does not splinter
- Long life span
- Eco-friendly

Benefits

- Hassle free
- Designed for extreme climates
- Aesthetically pleasing
- Requires only basic cleaning
- Touch Safe
- Futureproof Solution with expected 25+ year service life

Dura Pergolas in verandas at SEG Doha University Campus

Dura Pergolas can completely transform the look of an entrance doorway

Add shade and ambience with a Dura Pergola

Our Pergolas and other outdoor structures provide shade, protection from the elements, and a place for outdoor entertainment.

Choose from one of our pre-designed Dura Pergola structures or let our expert team help create your bespoke pergola, gazebo or cabana design.

Available in Teak or Charcoal
