

RIDGEWAY AT HOME

INTRODUCING Ridgefence WPC

The real alternative to wooden fencing

A lasting finish, Guaranteed

The new and innovative range of Ridgefence WPC fencing and gating options provides a low maintenance, aesthetically pleasing alternative to traditional wooden fencing.

Flexible, durable and eco-friendly, Ridgefence WPC will not rot, corrode, crack, never needs painting and is eco-friendly.

WPC Quality

- Manufactured as a sealed wood/plastic composite from 60% wood flour, 30% HDPE and 10% additives, providing a durable construction.
- Ridgefence WPC fencing gives a natural look to outdoor living spaces, residential gardens and commercial boundaries.
- Ridgefence WPC panels are lightweight, easy to handle and extremely simple to install.
- Panels and components are available in a dark grey and are UV tested to avoid colour fade.
- Panels are symmetrical on both sides.
